"With your support I was given the gift of education."

Dejohnette Williams
Charter Heritage Scholar Cycle 2 (2013-2017)

THE IVY CENTENNIAL FOUNDATION
2018 - 2019

DECEMBER 2019

It takes a village of dedicated community members to cultivate relevant support and resources to provide a foundation for collegiate learning. Meet our Scholars.

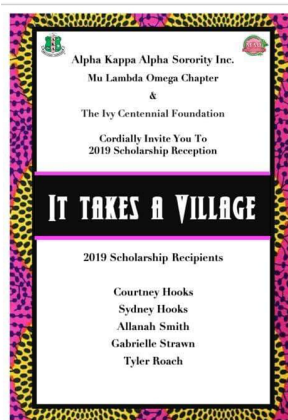

Thank you ICF.

"I want to send my sincerest gratitude for your support throughout my journey through college. With the help of your scholarship, I was able to attend college with no worry of not affording a book, school supplies, and the bare necessities for college"

Dejohnette Williams,
Scholarship Recipient

JUNE 2019 Scholarship Recipients

ABOUT THE IVY CENTENNIAL FOUNDATION

The Ivy Centennial Foundation, Inc. (ICF) is a California 501 (c) 3 nonprofit organization that was founded in 2015 by the members of Mu Lambda Omega Omega, Culver City/West Los Angeles Chapter of Alpha Kappa Alpha Sorority, Incorporated.

Our purpose is to provide educational scholarships, support the educational achievement of youth and extend community service programs within our Foundation's service area:

- Educational Enhancement
- Women's Health and Wellness
- Economic Stability of the Family
- Global Impact
- Visual and Performing Arts for Youth

MISSION, VISION & GOALS

Our role is to create and manage sustainable funding for the Foundation. The donations we receive invest in scholarships, community service projects and other community organizations which target the community in which we serve.

Making a difference would not be possible without the commitment and volunteer efforts of the ICF donors and contributors.

Board of Directors Message

"We are simply here to provide service to our community."

Velma C. Marshall, President
The Ivy Centennial Foundation

Directors: M. Hunter, K. Hines, A. Thompson, V. Marshall, A. Wallace, A. H. Crear, R. Butler, and L. Brown. *Not pictured above: B. Boyd, O. Sasser, and C. Young

ICF GLOBAL ENGAGEMENT

Maximizing our global partners located in Ghana, Liberia, and South Africa, ICF is able to directly impact families and futures across the world. We experienced a successful rollout of water filters distributed at the Brownell Public School in Liberia. We also distributed hundreds of handmade dresses and shirts to students at schools in local villages.

watch what happens*

Engaged Volunteer leads to Inspired Giving

Rita Bernard Harris demonstrated how to use the portable water filters in case of emergency to the community within our Los Angeles service area. She was inspired to contribute funds to send 50 water filters in Liberia so that children there can filter water for daily use.

EDUCATIONAL ENHANCEMENT

ICF educational enhancement projects can improve the trajectory of the lives of talented young people by increasing their potential for success and laying the foundation for a positive, productive college experience.

COLLEGE APPLICATION PROCESS PAVES THE WAY FOR FUTURE EXCELLENCE

Project #CAP is a step-by-step approach to facilitate college admission from researching various institutions and submitting applications through completion of the enrollment process.

Our Educational team assist students in preparing for the ACT and SAT, writing compelling personal statements, identifying scholarships and other financial aid, and compiling a portfolio to track college admission results.

**Engage in College Preparation,
Provide Scholarships and
Support.**

Foundation
ICF Community Partner

14

TOTAL SCHOLARSHIPS

14 recipients have been awarded direct scholarships to meet their educational needs for college.

30K

GRANT

The Maurice Amado Foundation values family, cultural, religious and educational pursuits. This educational matching gift positions ICF to provide scholarships that satisfy the financial gap impacting first-year college students.

60K

TOTAL AWARDED

The Ivy Centennial Foundation partners support our continuing goal to increase the award levels distributed to students matriculating to college..

Ivy Centennial Foundation partners directly with local community organizations, stakeholders from academia, industry, philanthropy, and Government. We all work together towards a common goal to transform high potential into actual achievement.
